

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

RULES AND REGULATIONS

FOR THE

GOVERNMENT OF THE STATE LIBRARY.

RULE I.—No person except the Governor of the State, Judges and Reporter of the Supreme Court, and Attornies practicing in the same, and members of the General Assembly of the State, shall be permitted to take any book out of the State Library.

RULE II.—No person authorized to take out a book, shall keep the same more than six days, under a penalty of twenty-five cents, for each and every day, more than six, for each and every volume so kept out, until the penalty so accruing shall amount to twice the value of said book.

RULE III.—Any person who shall damage, deface or mutilate any book belonging to said Library, or who shall return any book so damaged, defaced or mutilated while in his possession, shall forfeit and pay the full amount of said damage; which amount is to be determined by the Librarian, but in no case to exceed double the value of the book.

RULE IV.—All fines and forfeiture accruing under this act, shall be sued for and recovered by the Librarian, in the name of the State, before any Justice of the Peace; and the Librarian shall be a competent witness to prove any fact, material to the issue. And all fines and forfeitures recovered under this act shall go into the funds for the increase of the Library.
